# Who is Colin LePage?

Colin moved to Haverhill in 1997 with his family. The family purchased a home with a finished basement, knowing that his mom, Lori, would eventually come and live with them. She moved in and lived with Colin and his children for 11 years before passing away in 2009.

*What kind of person is Colin?*

Colin cared for both of his elderly parents in his home for the duration of their lives while giving much to his community. He was involved in youth sports for 15 years. Colin also visits our schools to educate students about mental health and the perils of substance abuse.

Colin earned a seat on City Council in 2009, which he holds to this day. He has been a strong advocate for city services like:

- increased police staffing and equipment for firefighters to ensure our public safety
- increased middle school staffing of health teachers from 1 to 4
- implementing the single-stream recycling and Green Communities programs saving the city and taxpayers more than \$2 million to date

All of which occurred at no additional cost to the taxpayer.

In 2018 Colin's dad, Don, came to live with his family. Colin, along with his wife Kerrie, took care of his dad for 3 years while working a full-time job and serving tirelessly as a City Councilor.

Upon his dad's passing in April 2021, Colin made the decision to run for mayor. He runs in honor of his dad and because he believes that each and every Haverhill resident deserves a brighter and better future.
